AN EXTRAORDINARY OFFER.

There are a number of persons out of employment in every county,—yet energetic men willing to work do not need to be. Those willing to work can make from \$100 to \$500 a month clear, working for us in a pleasant and permanent business. The amount our agents make varies, some make as high as \$500 a month while others as low

as high as \$500 a month while others as low as \$100, all depending upon the energy of the agent. We have an article of great merit. It should be sold to every houseowner, and pays over 100 per cent. profit. Each sale is from \$2.50 to \$10.00. One agent in Pennsylvania sold 32 in two days, and cleared \$64.00. An agent in New York made \$35.00 in one day. Any man with energy enough to work a full day, and will do this during the year can make from \$2500 to \$6,000 a year. We only want one man in each county, and to him will give the exclusive sale as long as he continues to work faithfully for us. There is no competition, and nothing like our invention made. Parties having from \$200 to \$1,000 to invest, can obtain a general agency for ten counties or a State. Any one can make an investment of from \$25 to \$1,000 without the least risk of CHOICEST LIQUORS AND CIGARS from \$25 to \$1,000 without the least risk of loss, as our circulars will show that those inloss, as our circulars will show that those investing \$25 can after a 30 days trial return
the goods unsold to us and get their money
back, if they do not clear at least
\$100. They show that a general agent who
will take ten counties and invest \$216.00 can
after a trial of 90 days return all goods unsold to us, and have money returned to them
of the fall to days at least \$750 in that time sold to us, and have money returned to them if they fail to clear at least \$750 in that time. There are many persons having money to invest, who could not give the business personal attentien—such can employ aub-agents with-out leaving home—making a large amount yearly out of a very small investment; we are not paying salaries, but want men willing to work and obtain as their pay the profits of their energy. Men not willing to work on our terms will not work on any. Those meaning business will receive our large de-scriptive circular, and extraordinary offer by enclosing a turee-cent stamp, with their ad-dress. The first to comply with our terms

will secure the county or counties they may wish to work. Address
